Health Plan Provider Information Portal: Attract and Retain Customers

Health Plan Provider Information Portal – Allows easy access to credible provider information for health plan members. This is a valuable resource for members and will help attract and retain customers.

Also a quality improvement opportunity tool for the health plan. Reveals health plan quality issues and network deficiencies before the problems accumulate and reach the benefit director at your important customers. Collected data and tracking of issues is conveyed to network managers to facilitate substantial “*Healthcare Quality Improvement*”.

Health Plan Provider Information Portal Provides:

- Exceptionally Easy to Use and Provides Credible Data
- No PHI In System and Members Identities are Protected
- Convenience and Gratification for Members/Enrollees
- A Wealth of Useful Data for Plan Managers
- Claims are Loaded & Matched to Verify a Visit Occurred
- Members enter their visit, event experience, rankings & relevant notes for themselves and/or Dependents
- Tracking includes a 1-5 Star Ranking System Covering; “Overall” (overall experience), “Quality”, “Outcome”, “Cost”, “Cleanliness”, “Wait”, as well as number of “Evaluations” & “Patients” (entries) per provider
- Extremely Useful to Track, Chart, and Report Quality Improvement Issues Internally and to Network Managers
